BOPPER BALL™

BOPPER BALL is a simple and exciting video redemption game. The object of the game is to rack up as many points as possible to win tickets. Points are earned by hitting moving targets. The value of the targets is determined by the changing numbers directly above them. If that wasn't challenge enough, there are six playful critters blocking the targets. Interactive sound effects, cartoon graphic, and kid friendly height **BOPPER BALL** is fun for all ages.
