- HOLDS 1", 3", AND 4" PRIZES
- LARGE PRIZE DISPLAY AREA
- PRIZE KITS AVAILABLE

Win A Prize is a unique prize dispensing unit. It connects directly to most games which currently utilize a ticket dispenser. Win A Prize emulates the ticket pulses to the game as if the dispenser was never removed. It then adds those pulses up and displays them as points. The more points a player accumulates the larger the prize won. Players have the option to play a game more than once to acquire the points needed for the prize desired.

GAMES 1 & 2 MUST BE TICKET DISPENSING
